

LEFT AND RIGHT

HAPPY TEACHING!

Print off the game board and wrist bands in either colour or black and white.

Cut out the pointer finger and attach it to the game board with a brad or loosely attached split pin.

Spin the finger and cover one of the dots with a counter on either the left or right side of the board depending on where the finger is pointing. Keep going until all the dots on one side are covered.

Cut out the wrist bands and wear them to help kids consolidate their knowledge.

I hope your children enjoy this activity!

Liz
