

tens

ones

Circle a group of 10 flowers. How many groups of 10 are there?
Write that number in the "tens" box above. How many flowers
are left over? Write your answer in the "ones" box.

Number Bonds of 10 with a Rainbow

Color the rainbow these colors: red, orange, yellow, green, blue, and purple. You can use it to help you remember the number bonds of 10.

11 ways to make 10

Use the rainbow on the other page to help you find all 11 equations that equal to 10. Cut the numbers out at the bottom of the page and use them to create equations. Glue into place. Each number cut out needs to be used.

$$\square + \square = 10$$

$$\square + \square = 10$$

$$\square + \square = 10$$

$$\square + \square = 10$$

$$\square + \square = 10$$

$$\square + \square = 10$$

$$\square + \square = 10$$

$$\square + \square = 10$$

$$\square + \square = 10$$

$$\square + \square = 10$$

$$\square + \square = 10$$

0 1 2 3 4 5 6 7 8 9 10

0 1 2 3 4 5 6 7 8 9 10

Addition with Ten Frames

Use the 10 frames to help you answer each question.

$$6 + \square = 10$$

$$2 + \square = 10$$

$$8 + \square = 10$$

$$1 + \square = 10$$

$$3 + \square = 10$$

$$4 + \square = 10$$

$$5 + \square = 10$$

$$7 + \square = 10$$

Subtraction with Ten Frames

Use the 10 frames to help you answer each question.

$$10 - 1 = \square$$

$$10 - 5 = \square$$

$$10 - \square = 2$$

$$10 - \square = 6$$

$$10 - 6 = \square$$

$$10 - 2 = \square$$

$$10 - \square = 7$$

$$10 - \square = 3$$

Number Bonds of 10 with Number Lines

Use the number lines to answer the math questions below. You can circle or highlight the answer on the number line.

$10-3=\square$ A horizontal number line with arrows at both ends, marked with integers from 0 to 10. The numbers are placed below the line.

$10-5=\square$ A horizontal number line with arrows at both ends, marked with integers from 0 to 10. The numbers are placed below the line.

$10-1=\square$ A horizontal number line with arrows at both ends, marked with integers from 0 to 10. The numbers are placed below the line.

$4+\square=10$ A horizontal number line with arrows at both ends, marked with integers from 0 to 10. The numbers are placed below the line.

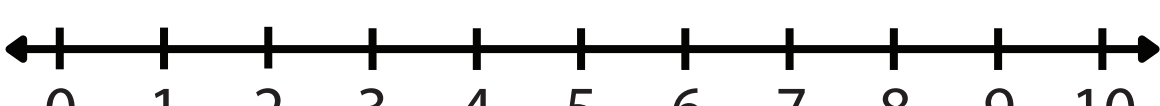

$8+\square=10$ A horizontal number line with arrows at both ends, marked with integers from 0 to 10. The numbers are placed below the line.

$10-2=\square$ A horizontal number line with arrows at both ends, marked with integers from 0 to 10. The numbers are placed below the line.

$10-4=\square$ A horizontal number line with arrows at both ends, marked with integers from 0 to 10. The numbers are placed below the line.

$9+\square=10$ A horizontal number line with arrows at both ends, marked with integers from 0 to 10. The numbers are placed below the line.

$5+\square=10$ A horizontal number line with arrows at both ends, marked with integers from 0 to 10. The numbers are placed below the line.

$7+\square=10$ A horizontal number line with arrows at both ends, marked with integers from 0 to 10. The numbers are placed below the line.

Before and After: What numbers come before and after TEN?

Can you show what 10 looks like in a 10 frame?

Is ten EVEN or ODD?

Color the number red if even and yellow if odd.

Friends of Ten

Draw lines from the left side to the right side to connect friends of ten.
